

My House (Gr. 7 Graduation Song)

(8 beats of intro)

Open up the door, knock!

It's my highschool, come on, let me in

(1 beat break)

Hear the knock on the door and the grad begins

Cause we do this once, so you come on in.

Get yourself a seat tell me where you been.

Pour yourself something cold, hey cheers to this.

Sometimes you gotta stay in

And you know when I'm done

We've been waiting for this

Sometimes you gotta just leave, leave

Today let us cheer

It's the last day of school

Get together with friends

Summer's heat will get you

Today let us cheer

It's the last day of school

Get together with friends

Summer's heat will get you

(break of 4 beats)

Goodbye to this school

(break of 4 beats)

Goodbye to this school

8 years of this school and it finally ends

Math, science, socials, arts, and French

Then we have all summer and highschool begins

Pour yourself something cold, hey cheers to this.

Sometimes you gotta stay in

And you know when I'm done

We've been waiting for this

Sometimes you gotta just leave, leave

We don't have to come back
